Portfolio: muhammadsaqibkakar.github.io/Muhammad_Saqib_Portfolio/

PROFESSIONAL SUMMARY

Software Engineer and BUITEMS graduate developing and supporting web applications, reporting systems and database-backed workflows. Works with JavaScript, React, Node.js/Express, MySQL, C#/ASP.NET Core and Flutter/Firebase. Available for fixed-scope freelance projects, 8-12 hours per week, with asynchronous updates outside existing employment.

TECHNICAL SKILLS

- Web: JavaScript, React, HTML, CSS, Vite
- Backend: Node.js, Express.js, REST APIs
- Databases: SQL, MySQL, database design
- Microsoft stack: C#, ASP.NET Core, EF Core
- Mobile: Flutter, Dart, Firebase
- Automation: Python, data validation
- Reporting: Excel, Google Sheets, dashboards
- Deployment: Linux fundamentals, hosting, DNS
- Quality: Debugging, testing, documentation
- Tools: Git, GitHub, VS Code

PROFESSIONAL EXPERIENCE

Software Engineer | BSDI **7 Jan 2026 - Present**

- Develop and maintain web applications, REST API integrations and MySQL-backed reporting workflows.
- Troubleshoot software, hosting, deployment, access and connectivity issues; document fixes and support users.
- Validate project datasets and coordinate with project teams to resolve technical issues.

Web Developer & Designer Intern | Code Solutionist **3-month internship**

- Developed and tested responsive, database-backed web applications with frontend/backend integration.
- Assisted with debugging, deployment and technical documentation.

SELECTED PROJECTS

- ByteBlitz - developer website - Personal web presence presenting software projects and development work.
- Smart Dairy ERP - Flutter/Firebase - Flutter/Dart project with Firebase Authentication, Firestore and Storage integrations.
- Task Management Application - ASP.NET Core application using Entity Framework Core and SQLite.

EDUCATION

BS Software Engineering | BUITEMS, Quetta **Sep 2022 - Aug 2026**

Graduated. BS Software Engineering, BUITEMS, Quetta.
Relevant study: Programming, data structures, databases, operating systems, networks and software engineering.
